NOTES
STATE CRITERION-REFERENCED TEST
State criterion-referenced tests measure how well KIPP students performed in a given year, compared to standards defined by the state. These tests do not measure growth over time.

NORM-REFERENCED TEST 2009-10 STANFORD ACHIEVEMENT TEST (SAT-10)
Percent of students making 1+ year of academic progress in Reading: 60% | Mathematics: 73%

NORM-REFERENCED TEST
National norm-referenced tests measure how much growth KIPP students demonstrate in a given year, compared to a national norm population. The 50th percentile represents average student performance for a given grade and test.

OTHER
Values on all graphs are rounded to the nearest whole number. Percentages for student demographics and norm-referenced tests may not add up to 100 due to rounding. Values less than 11% may not be labeled due to space constraints.
